Lot Consolidation Plat

This request is for approval of a lot consolidation plat. The applicant proposes to consolidate several lots into Parcel "A" which is approximately 15.2 acres for the purpose of constructing a new elementary school. The resulting parcel would have frontage on both Bryden Road and Letchworth Road. The properties are zoned U-5 Public and Institutional District and U-1 Single Family Residential District. The City will be rezoning the U-1 zoned parcels to U-5 later this year.

It is recommended that the Commission grant approval of the lot consolidation plat subject to any comments or recommendations of the City Engineer.

RE: **P&Z 2024-2** **ThenDesign Architecture**
Beachwood Board of Education
Bryden School
Preliminary Site Development Plan

This request is for approval of the preliminary site development plan. The property is zoned U-5 Public and Institutional District. The applicant is proposing to construct a new elementary school that would accommodate grades Pre-K through 2. The proposed building is in the shape of an "H" with 32 classrooms and about 2,250 square feet of administrative offices. One leg of the H is a core area that would house a media center, cafeteria, gymnasium, and specialty classrooms such as art and music.

The site would be accessed from both Bryden Road and Letchworth Road. Buses would use the Bryden Road access, while parent drop-off and pick-up would be via Letchworth. The site plan indicates a total of 96 parking spaces. There are wetlands on the subject site which limit building location options. The proposed plan is compliant with the Code with two (2) exceptions. First, a required emergency access drive is located 3 feet from a wetland boundary in lieu of the required 30 feet. No buildings are within the wetland setback, only the emergency access drive requested by the Fire Department. Clearly, the safety considerations outweigh any environmental concerns. Second, the applicant is asking for a variance to the parking setback from the side lot line. The Code requirement is 10 feet and the parking lot is at 6 feet. It should be noted that this circumstance exists with the current parking lot, so there is no additional encroachment.

It is recommended that the Commission grant preliminary site development plan approval subject to the following stipulations:

1. Pursuant to Section 1159.04 it is determined that a practical difficulty will

result on the subject site from the literal enforcement of Code Section 1001.05 with regard to riparian setbacks and Code Section 1124.04(d)(2) with regard to side yard parking setbacks.

2. Granting a variance of 27 feet to Section 1001.05 to permit the emergency access drive to be 3 feet from the wetland boundary in lieu of the required 30 feet.
3. Granting a variance of 4 feet to Section 1124.04(d)(2) to permit the parking lot to be 6 feet from the side lot line in lieu of the required 10 feet.
4. The interim detention basin shall be fenced.
5. Compliance with any comments of the City Engineer.

RE: **P&Z 2024-4** **ThenDesign Architecture**
Beachwood Board of Education
Hilltop School
Preliminary Site Development Plan

This request is for approval of the preliminary site development plan. The property is zoned U-5 Public and Institutional District. The applicant is proposing to construct a new elementary school that would accommodate grades 3 – 5. The proposed plan provides for 29 classrooms as well as an office wing of approximately 2,400 square feet, a media center of about 2,887 square feet, a cafeteria, and a gymnasium. The offices, media center, cafeteria, and gymnasium are grouped together in the western most wing of the building. Going eastward there are three classroom wings.

The site would be accessed from both Hilltop Drive and Penshurst Drive. Buses would use the Penshurst Drive access, while parent drop-off and pick-up would be via Hilltop Drive. The site plan indicates a total of 90 parking spaces. The site plan includes outdoor play areas, including soccer and baseball/softball fields. There is an elevation change of 30 feet across the subject site from east to west. As a result, the play areas, parking areas, and various wings of the building will be set at different levels to minimum earth moving.

There do not appear to be any code compliance issues associated with the proposed preliminary site plan.

It is recommended that the Commission grant preliminary site development plan approval subject to any comments or recommendations of the City Engineer.

RE: **P&Z 2024-5** **Jacobs Real Estate Services**
City of Cleveland
Chagrin Highlands
Lot Split Plat

This request is for approval of a lot split plat. The applicant proposes to split existing PP No. 742-39-005 into five (5) parcels. The entire parcel is zoned U-10 Planned Mixed-Use Development District. The purpose of the lot split is to create a parcel of land (Lot 1) of approximately 43 acres for transfer to the City of Beachwood for future development and construction of the connector road from Commerce Park to Harvard Road. The City has been in negotiations with the City of Cleveland and the Jacobs Group regarding acquisition of this property.

Proposed Lots 2 and 3 contain areas of protected and deed restricted wetlands and would be retained by the City of Cleveland. Lot 2 is approximately 15.6 acres. Lot 3 is 6.9 acres. Lot 5, which has frontage on Green Road and is about 31 acres, includes the water storage facility and would also be retained by the City of Cleveland. Lot 4 is 13 acres with frontage on both Harvard Road and Green Road. While Lot 4 also contains some protected wetlands, it is a developable parcel for the Jacobs Group similar to the other facilities along Harvard Road and Green Road.

It is recommended that the Commission grant approval of the lot split plat subject to any comments or recommendations of the City Engineer.

MEMORANDUM

CITY OF BEACHWOOD

PLANNING AND ZONING COMMISSION MEETING

Meeting Date: January 18, 2024

Report Date: January 9, 2024

2022120.02

To: Mr. Brian Roenigk
Building Commissioner

From: Joseph R. Ciuni, P.E. P.S.
City Engineer

AGENDA ITEM NO. 9

P & Z 2024-05 James F. Eppele, Jacobs Real Estate Services, is requesting preliminary and final approval for a lot split of 43.3 acres of PPN 742-39-005, City of Cleveland, to provide an opportunity for a connector road from Harvard Road to Mercantile Road.

This Lot Split Plat was reviewed and found to meet all City and County Standards. We have 2 minor comments on the Legal Descriptions provided with the Plat:

1. Legal Description for Lot 2 (15.6275 acres) is written counterclockwise.
2. Legal Description for Lot 4 (13.0007 acres) has a typo on page 2 in the paragraph after Course 6.

We hereby recommend approval of the Lot Split Plat, subject to correction of the above legal descriptions.
